Protection Options for : 4G LTE Droid DNA By HTC 16GB

***Required**

Why is protection important?

Getting equipment coverage or an extended warranty for your device means that you can be protected from damage, loss, malfunctions and defects.

Extended Warranty

Make your warranty work harder and longer. This plan covers mechanical or electrical defects after the manufacturer's warranty expires for \$1.99 per month.

\$1.99 per month

Add

Wireless Phone Protection

This plan covers you for the most common issues - lost, stolen or damaged devices - and starts at \$5.18 per month.

\$5.18 per month

Add

Total Equipment Coverage

If your device is lost, stolen or damaged you receive a next-day replacement. Includes Mobile Recovery on equipped devices.

\$6.99 per month

Add

Decline Protection

By declining Extended Warranty, Wireless Phone Protection and Total Equipment Coverage, it indicates that you have decided NOT to enroll in a protection program at this time. In the event your device is lost, stolen damaged or experiences a defect after the manufacturer's warranty, the cost of replacement may be as high as full retail price.

Customer Agreement | [Print-friendly version](#)

Please review by reading through the entire Customer Agreement Terms and Conditions below.

My Verizon Wireless Customer Agreement
(Para una copia de este documento en español, visite nuestro website: vzw.com/espanol)

Thanks for choosing Verizon Wireless. In this Customer Agreement, you'll find important information about your Service, including our ability to make changes to your Service or this agreement's terms, our liability if things don't

I agree to the current Verizon Wireless Customer Agreement (CA), including the Calling Plan, (with Extended Limited Warranty/Service Contract, if applicable) and other terms and conditions for services and selected features I have agreed to purchase as reflected on this order, and which I have had the opportunity to review. I understand that I am agreeing to an early termination fee of up to \$175, or up to \$350 on Advanced Devices (see www.verizonwireless.com/advanceddevices), limitations of liability for service and equipment, settlement of disputes by arbitration and other means instead of jury trials and other important terms in the CA.

I agree to the above terms and conditions

Please acknowledge that you have read and understood the important information below by checking the boxes:

Partial Month Charges:

Monthly Access/Allowance Minutes - When you change your calling plan, we will bill for a partial month or portion of the monthly access charge calculated from the date you began service to the effective date of the calling plan change, plus the next month's access charge, if we bill you in advance. We calculate allowance minutes in the same manner.

Promotions:

By changing to the new calling plan, I will receive promotions (if any) that apply to my new plan. The promotions associated with my current plan may no longer be valid.
